Dear Sir:

Thank you for submitting the resumes' of the twelve men you have picked for managerial positions in your new organization. All of them have now taken our battery of test; and we have not only run the results through our computer, but also arranged personal interviews for each of them with our psychologist and vocational aptitude consultant.

The profiles of all tests are included, and you will want to study each of them carefully.

As part of our service, we make some general comments for your guidance, much as an auditor will include some general statements. This is given as a result of staff consultation, and comes without any additional fee.

It is the staff's opinion that most of your nominees are lacking in background, education and vocational aptitude for the type of enterprise you are undertaking. They do not have the team concept. We would recommend that you continue your search for persons of experience in managerial ability and proven capability.

Simon Peter, quite frankly, is a "basket case." He is emotionally unstable and given to outrageous fits of temper. Andrew has shown absolutely no qualities of leadership. The two brothers, James and John, sons of Zebedee, place personal interest above company loyalty. Thomas demonstrates a questioning attitude that would tend to undermine morale. We feel that it is our duty to tell you that Matthew has been blacklisted by the Greater Jerusalem Better Business Bureau. James, the son of Alphaeus, along with Thaddaeus, definitely have radical leanings, and they both registered a high score on the manic-depressive scale.

One of the candidates, however, shows great potential. He is man of ability and resourcefulness, meets people well, has a keen business mind and has contacts in high places. He is highly motivated, ambitious and responsible. We recommended Judas Iscariot as your controller and right-hand man. All of the other profiles are self-explanatory.

We wish you every success in your new venture.

Sincerely yours,

Jordan Management Consultants

General patterns are evidenced in a person who has been rejected. A child's spirit is aware even before the child is totally developed. Even medical doctors now attest to the baby's awareness in the womb (Secret Life of the Unborn Child).

- A. The enemy causes the person to experience a pattern of rejection - - - not fitting in, not meeting the standard that people set up for their lives.
- B. A point is reached where the person _____ with the pattern, and then begins to walk in it.
Amos 3:3 "Can two walk together, unless they are agreed?"

- J. Many times the child was not wanted from the start or felt he or she was the wrong gender. Others have gone unnoticed or are one of many children and received little attention.

XII. EVIDENCE OF SELF-REJECTION

A. OVER-ATTENTION ON CLOTHES

Undue concern for clothes may be an attempt to _____ up or compensate for unchangeable physical features that the person has rejected.

Matthew 6:27-29 “Who of you by worrying can add a single hour to his life? “And why do you worry about clothes? See how the lilies of the field grow. They do not labor or spin. Yet I tell you that not even Solomon in all his splendor was dressed like one of these.”

B. INABILITY TO _____ GOD

If we reject God’s basic design in making us, it may then also be difficult to put confidence in the Designer for other areas of our life.

Ephesians 2:10 “For we are His workmanship, created in Christ Jesus for good works, which God prepared beforehand that we should walk in them.”

Psalms 139:14 “I will praise You, for I am fearfully and wonderfully made; Marvelous are Your works, and that my soul knows very well.”

C. EXCESSIVE SHYNESS

Fear of what others will think of us may then cause others to reflect our attitudes of fear back to us.

D. _____ IN LOVING OTHERS

We are to love our neighbor as we do ourselves. If we cannot “love ourselves” in the right way, we will also find it difficult to love others in the right way.

Matthew 19:19 “Honor your father and your mother, and you shall love your neighbor as yourself.”

E. SELF-CRITICISM

Complaints about unchangeable physical features, abilities, parentage and social heritage are significant indications of self-rejection.

Romans 9:20 But indeed, O man, who are you to reply against God? Will the thing formed say to him who formed it, “Why have you made me like this?”

F. WISHFUL COMPARISON WITH OTHERS

Desiring to be different in areas that cannot be changed is a clear evidence of self-rejection. On the other hand, we should desire to be different in attitudes and character, which do not conform to the image of Jesus.

II Corinthians 10:12 “For we dare not class ourselves or compare ourselves with those who commend themselves. But they, measuring themselves by themselves, and comparing themselves among themselves, are not wise.”

G. _____

Many have said, "I hate myself." They may be referring to things that they have said or done, or they may be referring to their whole being. In the latter case, their final hatred will be directed toward the one who made them.

H.

_____ It is healthy to a certain degree to want to keep improving. But when the time expended outweighs the value of accomplishment, then it is an evidence of self-rejection.

I. ATTITUDES OF SUPERIORITY

When we boast of our achievements, "name drop" or refuse to associate with certain kinds of people, we are exhibiting outward indications of both pride and inferiority.

- Whatever we have is from God therefore ". . . *why do you boast as if you have not received it?*" *I Corinthians 4:6-7*
- A person who acts superior is usually a person who inwardly feels inferior but is trying to narrow his field of comparison.

J. AWKWARD ATTEMPTS TO _____

Self-conscious actions or statements to cover up unchangeable "defects" may indicate self-rejection. If we have a "defect" which we cannot change and which God through prayer has not changed, then we are able to claim - - -

II Corinthians 12:9 "My grace is sufficient for you, for My strength is made perfect in weakness."

K. EXTRAVANGANCE

An evidence of self-rejection may be in the form of lavish spending on expensive items in hopes that they will bring admiration and acceptance to the owner.

Luke 12:15 And He said to them, "Take heed and beware of covetousness, for one's life does not consist in the abundance of the things he possesses."

L. _____ PRIORITIES

When we neglect God-given responsibilities in order to spend great amounts of time in pursuits that will bring acclaim from others, we may be revealing evidences of self-rejection.

XIII. REJECTION - - - A BLESSING???

- A. What example do we find in the Word of rejection becoming a blessing for thousands of people?
- B. _____ rejected _____.
- C. Brought life to the _____!!
- D. Rejection is a playing field for God to solve a problem!
