

Victoria's Bio

Raised in a pastor's home where music was alive, Victoria started singing and playing piano at a young age. It was natural for her to lead the worship and be on the worship teams in the churches her father pastored. Doors opened for her to travel 6 years with "Continental Singers" throughout 22 countries and every state in the United States; 2 years with "Jeremiah People," a musical-comedy and drama group, a year with "Donny Monk and Friends" and a year with "Spirit of Love" at Baylor University. When Jimmy and Carol Owens premiered "The Witness," starring Barry McGuire in Great Britain, she was cast as the Jewish mother of James and John. The next year "The Witness" was taken to Australia and New Zealand.

These were wonderful experiences, but they are nothing compared to her true passion, which is to teach and lead people into a conversation with the Lord as Heaven touches earth during worship. This is exactly what she has experienced the last several years leading worship at Diamond Fellowship at Bethel Church in Redding....this began as a gathering for Seniors, but has grown into a multi-generational time of passionate worship. A door opened in the Bethel School of Supernatural Ministry for Victoria to assist a pastor of one of the Revival Groups in the school.... mentoring some of the students...especially the ones who have been wounded by molestation and abuse. Lives are changing and the Kingdom of God is moving throughout the world.
