

TRUTH MINISTRIES INTERNATIONAL

“You shall know the Truth and the Truth shall set you free”

SPRING 2008

We have so much to share with you.....the Lord has been moving in and through our ministry, individually and as a team, in many different ways. We are watching with anticipation to see what He will miraculously do next. He is strategically drawing those who don't know Him to Himself.

The Lord has brought many people to our home in the past several months, some for an hour, others for a day, a week, or a month. What a joy to pour out His love, to teach, fellowship with and bring healing to His children. The Lord brought a 19 year old PK, a Pastor's Kid, who had been devastated by a serious car accident. A car jumped the divider on a major highway, came at her, head on, hit the car in front of her, which in turn hit her. He then hit a car as it came up the on-ramp and that sent him back up the road where he proceeded to hit this young ladies car again. She woke up staring at a 30 year old man who was dead. This precious child of God has a tremendous call on her life; she is a leader and will be a leader of leaders. The enemy has been out to steal, kill and destroy her in many ways. After a month, she returned home, healed and restored with a new purpose and focus for her life.

Next, the Lord brought a 29 year old here for two weeks. She serves the Lord in Bethlehem, where she has been called to and has a great love for, the Muslims. The Lord has opened doors of friendship for her throughout the city of our Savior's birth! How exciting to be openly welcomed into a home for food and fellowship. She is “doing” what we have been all praying about..... revealing Christ to the Muslims! Her time here was strategic; a time a recharging and training so that she is even more equipped to serve and share the King.

Recently we held a Roots Seminar here in our home. The interest was great and we ended up with a group of people from many different churches in the area. One couple shared at the end of the day that the timing couldn't have been better for their marriage. One young lady forgave the father of her 2 year old son.....he left them soon after the baby was born and there was much shame and pain. She quietly forgave him and then looked up with a huge smile on her face...sweet release!

Many times, as we teach this seminar, God uses it to open up areas of a person's life that have been walled off or stuffed down for many years. We have had people who have been prepared by Him “for such a time as this,” a time for healing and wholeness, at time to walk onto the abundant life that He has promised, come here, to our home, for help and ministry.

Since we moved here to Redding 5 years ago, the Lord has brought young adults into our lives. To us, that is such a privilege and honor.....to be able to minister and teach “the cream of the crop,”..... anointed, educated, leaders of leaders. Recently, two of these young women sat back and watched, at a High School Retreat, as several collage-age leaders that they have poured into, lead and minister to the teenagers. On-going generational fruit!

God is continuing to use Victoria's gift----- she is a part of our church's Worship Team, as well as leading worship at a weekly Ladies Bible Study and in the Children's Church called “Kidstruction Zone.” Judy has skated in and ministered at the Kidstruction Zone and at our church's Christian
